INTERREG ITALY-CROATIA MONI.CA Project

"Air MONItoring aCross Adriatic"

Be part of the innovation for future generations!

What is it about?

December the 5th MONI. CA project team is organising a Stakeholders Thematic Event!

During the event representative from public, private and civil society organisation will participate to share their vision for a *greener and more sustainable Europe*

What is it about?

2 - Green and resilient shared environment
SO 2.2 - Protection of nature and biodiversity

Participants will be participating and discussing their vision in two different Roundtables:

The Power of Capitalization: How to maximize the results of the EU-funded projects in air quality in Adriatic and Europe

Solution- building: How Air-Quality Issues Boost Opportunities for SMEs in the cross- border area

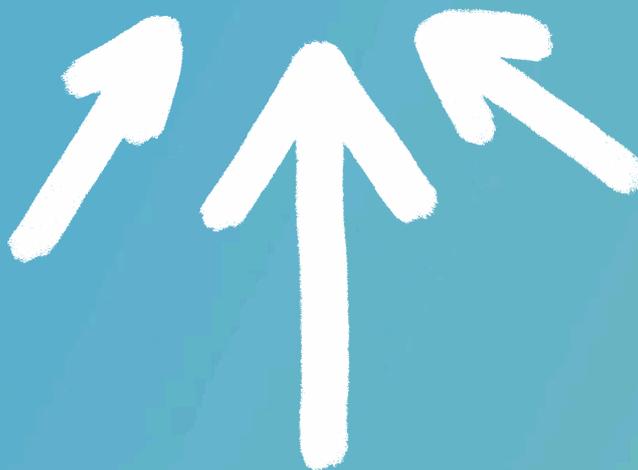

What is it about?

**Be part of the change for future
generation!**
