

D.2.4.1 Ethnic Digital Cross-border Map of POIs and services on ECT in the inland involved areas of the Adriatic

1. Introduction

Identified POIs in the 4 respective project areas are inserted into Google custom map and publicly available in a digital format to accommodate easier access, presentation and facilitate the crafting of individual tourist routes for visitors. The map is available at the following link

The Italy-Croatia ETHNIC project seeks to enhance the visibility and accessibility of significant **Points of Interest (POIs)** in the four designated project areas: Montefeltro, Emilia Romagna, Ravni Kotari, and Dugopolje.

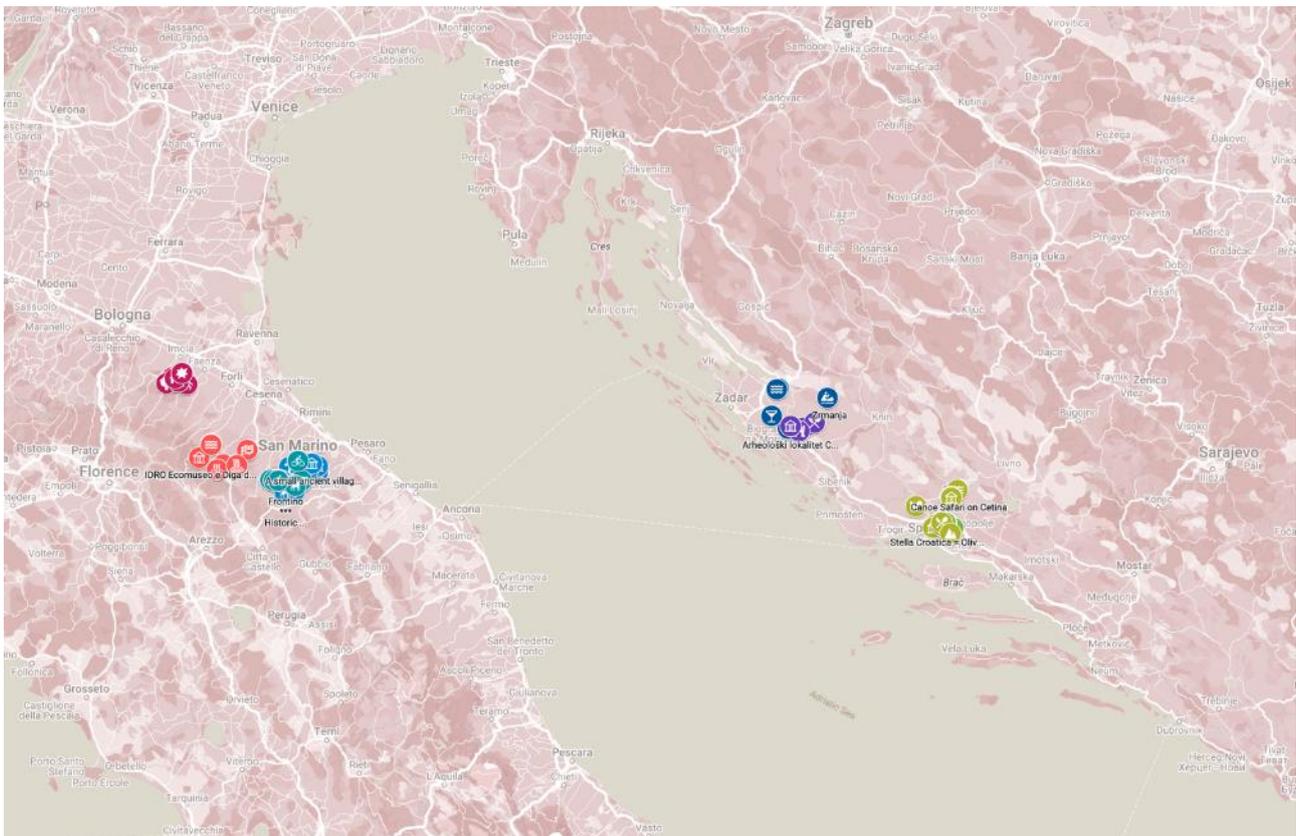

By integrating these attractions into a Google Custom Map , the project provides a user-friendly, publicly accessible digital tool that allows visitors, researchers, and tourism stakeholders to explore and plan personalized tourist itineraries.

The interactive map enhances the tourism experience in several ways:

- **Ease of Access:** Visitors can explore mapped POIs, viewing descriptions, locations, historical significance, and relevant links.
- **Enhanced Presentation:** The organized visualization of attractions offers a clear and intuitive way to navigate the regions.
- **Customized Tourist Routes:** Users can craft thematic journeys tailored to their interests, such as cultural heritage, eco-tourism, or adventure tourism.
- **Sustainable Tourism Development:** By promoting inland destinations, the project fosters balanced tourism development while relieving pressure on coastal hotspots.

The Google Custom Map, titled ITALY-CROATIA ECOCULTURAL INLAND TOURS, is available at the following link:

<https://www.google.com/maps/d/viewer?mid=1v76WOFdtjQgN4up3Sk107x84MjTDWEg&hl=en&usp=sharing>

Focus of the Digital Map on the Four Project Areas

The Digital Map highlights four distinct regions and their related tourism products and Points of Interest (POI), each offering unique themes and experiences:

1. Montefeltro Area:
 - Land Hopping: Explore picturesque villages and historic landmarks.
 - Active Holidays: Engage in outdoor adventures amidst stunning natural landscapes.
2. Emilia Romagna Area:
 - Family Active: Family-friendly activities that combine fun and education.
 - Holistic Wellness: Relaxation and rejuvenation through natural and wellness experiences.
3. Ravni Kotari Area:
 - Weekend in Ravni Kotari: Discover cultural heritage and rural charm.
 - Heritage Trails: Explore historical sites reflecting the region’s rich past.
4. Dugopolje Area:

- Live Like a Local: Immerse yourself in authentic local traditions and lifestyles.
- Natural and History Wonders Weekend: Experience the perfect blend of natural beauty and historical significance.

Montefeltro area

- 1.Land Hopping**
- 2.Active Holidays**

Emilia Romagna area

- 1.Family Active**
- 2.Holistic Wellness**

Ravni Kotari area

- 1.Weekend in Ravni Kotari**
- 2.Heritage Trails**

Dugopolje area

- 1.Live Like a Local**
- 2.Natural and History Wonders Weekend**

Reporting and Documentation

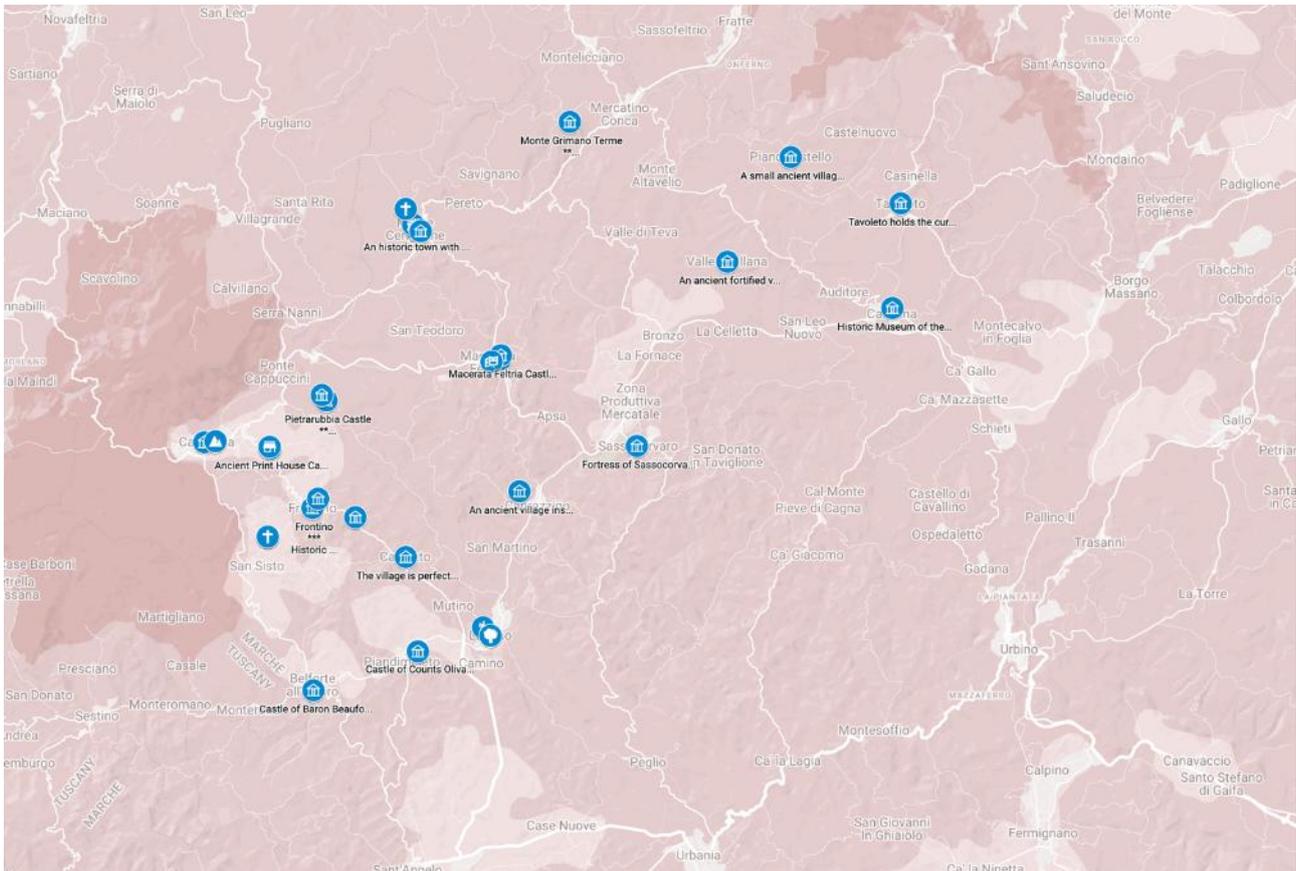

To ensure thorough documentation, this report includes detailed screenshots and descriptions of each mapped package categorized by region. These visuals highlight the rich diversity of cultural, historical, and natural attractions, offering a comprehensive overview of the identified POIs.

Through this project, we aim to foster greater awareness, engagement, and sustainable tourism development across the inland regions of Italy and Croatia. By promoting these hidden gems, the project offers visitors an enriched, authentic travel experience, celebrating the diverse heritage of both countries.

2. Montefeltro area – Italy

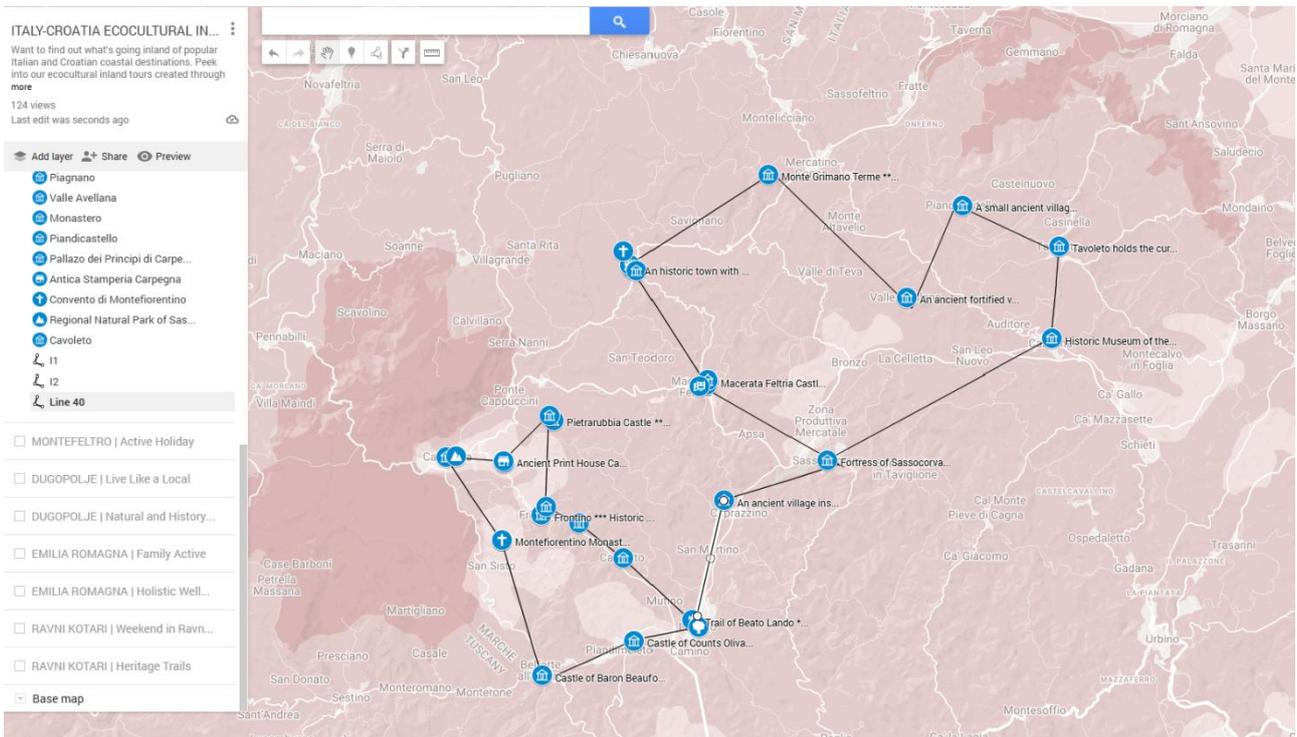

2.1. Land Hopping

Explore picturesque villages and historic landmarks

Open Montefeltro Land Hopping view
