## Important information to provide on websites

It is crucial to reiterate the **rules** and write them as clearly as possible to avoid misunderstandings.

**Specify what is accessible and not,** including **prices** that should always be stated along with taxes so that the guest can organize in advance.

**Provide the contact of a veterinarian** who can be reached at any time of the day. You never know if the dog might end up in need or in danger, and the owner may not be able to provide the necessary help.
