**WP2, D 2.5.2. INFO DAY (Karlovac County, Croatia)**

**WP2, D 2.3.1. STREAM website**

**WP2, D 2.4.2. Press releases**

**INFO DAY and promo activities**

Date: November 21, 2022

Time: from 9 to 12 am

Place: High school Gymnasium in Karlovac, Rakovac street 4, 47000 Karlovac

On November 21, 2022, Karlovac County, as part of the STREAM project, organized an INFO DAY in the lobby of Karlovac Gymnasium. The goal of this event was to present the STREAM project and to make young people aware of the potential threats of floods in Karlovac County. At the Info desk, we presented the development of tools and plans for early warning and flood risk monitoring.

The young group of participants showed awareness of the risk of floods, which are very common in Karlovac County, and they are now familiar with the development of tools and flood defense systems, which are the activities of Karlovac County in the STREAM project.

Along with the event, promo material was distributed.

Participants of the info day:

1. performers: 4 members (2 - Karlovac County, 2 - Contracted external experts)
2. students of high school Gymnasium Karlovac: approximately 100 students

Inclosure:

1. Photographs
2. Signature list of performers
