

UnderwaterMuse

Immersive Underwater Museum
Experience for a wider inclusion

**Experience the underwater
cultural heritage of the Adriatic!**

PROJECT DURATION
01/01/2019 – 30/6/2022

ERDF
1.348.890,71 EUR

TOTAL BUDGET
1.586.930,25 EUR

The project UnderwaterMuse aims to transform some archaeological submerged sites into underwater archaeological parks (or eco-museums) and blue paths, enjoyable diving or through innovative and experimental methodologies and techniques, in order to reduce the loss of important cultural heritages, to raise the awareness and the respect of it as well as to guarantee an economic spin-off deriving directly from the promotion of a sustainable cultural underwater tourism.
