ABOUT THE PROJECT

The **Italy-Croatia territory** has a rich history, featuring tangible and **intangible heritage** from the Paleolithic era to the late Ottoman period.

The project area **contains cultural landmarks** of various importance, visibility, and size. **Cultural heritage management faces challenges** influenced by local and international policies, tourism, environmental conditions, and public awareness.

ARCHAEODIGIT recognizes the need for enhanced **management strategies** and greater awareness of the **potential of archaeological parks** for socioeconomic development across the Italy-Croatia territory.

OUR MISSION

ARCHAEODIGIT project aims to revolutionize Italy and Croatia's **archaeological sites** with **digital technologies**, creating **immersive experiences** and ensuring a more **accessible and sustainable tourism**.

Its mission is to **preserve** and **promote** archaeological heritage through **innovative methods and strategies**, empowering operators with advanced skills for the effective use of interactive tools.
