

PROGRAMMING TASK FORCE

1st MEETING – 2nd DECEMBER 2020

online

Main decisions:

1. Update on the awarding of the evaluation tender, focus on territorial and socio-economic analysis

The Task Force acknowledges the state of the art of the procurement procedure for the evaluation tender, the timing to receive the territorial analysis and the overview on preliminary documents and analysis proposed by the Joint Secretariat Team ("Paper 0": analysis of the current Programme implementation with lessons learned and suggestions on procedures that can be simplified and improved).

2. Proposal for an effective involvement and consultation process of the economic and social partners within the programming phase (Plan) and identification of the mailing list of relevant stakeholders

The Task Force approves the involvement proposal at two levels (centralized and de-centralized) as foreseen in the Plan and gives mandate to the Managing Authority to send a proposal detailing methodology and the stage of involvement of stakeholders to be involved in the programming phase.

3. Selection procedure of the Interreg Programme Drafter/s

The Task Force gives mandate to the Managing Authority to go ahead as regards the Interreg Programme (IP) drafter procurement according to option 5 submitted by the Managing Authority (public procurement procedures for the IP drafting service, addressed to undertakings), which will provide to both national Authorities more details about the procurement steps and methodology.
