MMM - Meet & Greet

Discussing effective mechanisms to boost Interreg project results across the Mediterranean

11 November 2026
Regione Toscana at
Rond Point Schuman 14, Brussels

Too often the European Union has delivered excellent results through Interreg, which ended up unrecognised or in a forgotten drawer. Our **10 Interreg Mediterranean programmes** joined forces into the **Multi-Programme Mechanism (MMM)**, under the motto **"Stronger Together"**, to experiment mediterranean capitalisation, through a coordinated call and a peer learning tool e.g., as to capture innovative solutions and to spread them across the Mediterranean, while giving proven ideas a second life.
Officers of EU institutions and Interreg representatives are invited to a dialogue, turning ideas into actions!

Moderator: Ivana Lazic, Interact
