

CONSENT TO PARTICIPATE IN THE GUIDED OYSTER TASTING SESSION

Dear Sir/Madam,

You are invited to participate in a tasting session aimed at collecting opinions on oyster consumption. The final objective is to gain a better understanding of consumer behavior and to plan future promotional activities related to the Interreg Italy–Croatia MARINET project.

Through the oyster tasting session and the completion of the questionnaire, you will provide valuable information regarding your level of satisfaction with this product. The data collected will be used by the University of Udine exclusively for research and reporting purposes within the framework of the MARINET project. All collected data will be treated as strictly confidential and, during the analysis process, will be coded to ensure complete anonymity.

The tasting session does not involve any health risks, provided that participants are not allergic to shellfish, enjoy oysters, and have previously consumed them. The oysters used for this tasting session have been prepared and handled in compliance with current hygiene and sanitary standards, for which the organizers are responsible.

If you are under 18 years of age, are allergic to shellfish, or suffer from other chronic health conditions, we kindly ask you not to participate in the tasting session.

I, _____ (full name), hereby declare that on ____ I have read and understood the information provided above. I voluntarily agree to participate in the tasting session and in the research described herein, and I authorize the processing of my anonymized data for scientific and research purposes, particularly within the framework of the MARINET project, Interreg VI-A Italy–Croatia 2021–2027.

I understand that I may withdraw from the tasting session at any time without any consequences.

Signature: _____

This project is co-funded by the European Union through the European Regional Development Fund (ERDF) within the framework of the Interreg VI-A Italy–Croatia 2021–2027 Programme.
